

War Focus Shifts to Bombing

By GEORGE MCARTHUR
SAIGON (AP) — The Communists slackened their month-long artillery battle of attrition along the demilitarized zone Tuesday and the focus of the war shifted to North Vietnam with American warplanes stepping up their raids despite swarms of Red jets and missiles.

North Vietnamese gunners fired 50 rounds to harass U.S. Marines at Con Thien, the key to American defenses blocking a possible Communist invasion of South Vietnam's northern provinces. But the heaviest shelling—850 rounds—fell on two South Vietnamese airborne battalions a few miles away.

U.S. planes mounted a near-maximum effort over North Vietnam after a week of bad weather and encountered blistering defenses over the port of Haiphong and the vital north-east rail line that links Hanoi and Red China.

The North Vietnamese put up nearly every fighter they could muster from the unbombed MIG airfield at Phuoc Yen. The Reds claimed downing five American jets but only one loss was acknowledged by the U. S. Command, and that was far to the south over the DMZ.

Air Force pilots reported many sightings of MIG-17s and MIG-21s, with three brief air battles and more attempts by Red fighters to sneak behind American planes on bombing runs.

Of the 35 jets North Vietnam is believed to have operational on fields below the Chinese frontier, at least half and probably more were in the air.

Once MIG-21s attempted to drive a flight of Phantom jets into the path of a defensive net of Soviet-built ground-to-air missiles. The Phantoms broke off and saw two SAM missiles whiz by and blow up just out of range.

Navy pilots from the carriers Coral Sea and Intrepid smashed through SAM and antiaircraft barrages to finish off two important bridges in Haiphong that had been damaged in previous strikes.

3 Sentenced in Rape Case

CARLISLE, Ark. (AP) — Circuit Judge W. J. Waggoner sentenced three Carlisle men, who had been found guilty of first-degree rape, to six years in prison Monday on a lesser charge of the same crime.

William Thomas Munnerlyn, his son, Harold Wayne Munnerlyn and Frank John Rice were convicted Sept. 7 of first-degree rape by a Lonoke County Circuit Court jury. A 30-year sentence, the minimum penalty under the law for first-degree rape, was recommended by the jury.

HARVEY KUFELICK

"Teen Challenge", a 29-minute film strip showing New York city's beatniks, hippies, addicts, muggers, draft-card burners and teenage alcoholism was shown Tuesday before Hope Kiwanis club.

The Rev. E. J. Willhite, pastor of the First Assembly of God church, spoke briefly about the film and introduced Dave Patterson and Harry Kuflick of New York. The latter two are on an extensive tour of the United States, showing the film to church

TV Camera to Assist Police

NEWPORT BEACH, Calif. (AP) — The long arm of the law soon may be assisted by the television camera's eye at this resort town.

Police Chief B. James Glavas asked the city council to consider installing TV cameras at strategic areas in town. This would allow officers at headquarters to view city streets for distances up to one mile, he said Tuesday.

Yellow Cat Gets Award

DOVER, Del. (AP) — The American Humane Association has presented an award to Precious, a yellow cat owned by Mr. and Mrs. Howard E. Moore of St. Georges.

The Humane Association said Precious earned the award last Nov. 16 when she awakened her owners after the house caught fire.

The 9-year-old cat rushed into the bedroom, leaped onto the bed, began bouncing up and down and clawing at the covers until Mr. and Mrs. Moore awoke. The couple escaped without injury.

Still Against Bombing of Haiphong

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara said today he still is opposed to hitting the port of Haiphong to cut off the flow of supplies to North Vietnam.

McNamara told newsmen, as he left for a North Atlantic Treaty Organization meeting in Turkey, that action to neutralize North Vietnam's chief port is "a risk that I don't believe we should undertake at this time."

The defense secretary thus underscored his differences with the Joint Chiefs of Staff on the question of bombing or mining the Haiphong harbor.

He spoke in response to questions about Senate testimony, published Tuesday night, in which Gen. Earle G. Wheeler stressed his belief the port should be shut down by military action.

Appearing behind closed doors in August, the chairman of the joint chiefs told the Senate preparedness subcommittee he had balanced the risks against the gains and "I have come down on the side that we could undertake action against the port of Haiphong . . ."

McNamara and his associates believe the risk of a confrontation with Russia would be a serious one in attacking the Haiphong harbor, because several Soviet ships are almost always there discharging cargo for North Vietnam.

A confrontation, they feel, might occur if Russian ships came under U.S. fire.

McNamara appeared to try to minimize the impression of differences with Wheeler.

He said the general's testimony amounted to "a balanced appraisal of potential risks and gains" from action against Haiphong.

McNamara said Wheeler "pointed out very clearly the possibility of widening the war" by attacking the port.

The testimony by Gen. Wheeler, delivered Aug. 16, disclosed that the joint chiefs sought a 16-day bombing on a large target against 90 key targets in North Vietnam early in 1966. They didn't get their way.

MASSIVE (From Page 1)

tars ranging from 60 millimeter to 120 millimeter weapons, fire into the outpost from positions inside South Vietnam, west and south of Con Thien. These mortars are believed dug into deep holes.

Experts said American shells and bombs would have to score direct hits or near bursts to collapse the caves, tunnels and holes from which the Communists are pumping rounds into the Marine outpost.

The Communist artillery and mortars are believed highly mobile, so that they probably are shifted from position to position after bursts of fire. This makes them hard to hit, too.

So far as is known here, the Communist positions for the most part are not reinforced with concrete, but may be shored up with timber.

The Marines have available to them a new Army-produced mobile radar designed to detect the positions of mortars and other high angle weapons such as howitzers.

But officers acknowledge that the radar has limitations, in that it emits a relatively narrow beam and must be pointed in the direction from which the enemy's fire comes in order to spot the trajectory and plot it back to the mortar or howitzer position.

Urges U.S. to Stop Bombings

WASHINGTON (AP) — Prime Minister Jens Otto Krag of Denmark urged the United States today "to run a limited risk" and stop the bombing of North Vietnam.

Krag made his appeal in a speech prepared for the National Press Club.

The Danish leader, who will meet President Johnson tonight, said that finding a solution of the conflict requires "an art of great statesmanship."

"I do not consider it realistic to get negotiations started without stopping the bombing of North Vietnam," said Krag. "If the United States cannot be assured of a simultaneous de-escalation of military activities from the North, it would have to run a limited risk by stopping the bombing for some time and wait for reciprocity. I think that such an attempt would be well worth its price."

Rules Freedom of Information Is Violated

LITTLE ROCK (AP) — The attorney general's office said Tuesday the Fort Smith Municipal Auditorium Commission violated the freedom of information act by signing a union contract in secret last month.

The opinion by Asst. Atty. Gen. Thomas A. Glaze said any resolution, ordinance, rule contract, regulation or motion considered and passed in executive session is violable and may be challenged by any citizen.

Rep. B. C. Hendrix of Fort Smith, who asked for the opinion, told the attorney general's office the commission met Aug. 3 in an executive session without notifying the news media.

He said the commission then signed a contract with Local 455 of the International Alliance of Theatrical Stage Employees and Moving Picture Machine Operators. Signing of the agreement was announced the next day by the commission chairman, Hendrix said.

Glaze said any commission member who "willfully and knowingly" violated the 1967 freedom of information act is subject to a fine of up to \$200 and a jail sentence of up to 30 days.

Mice are said to spend about half their lives grooming themselves.

Integration Foe Leads in Boston

BOSTON (AP) — Mrs. Louise Day Hicks, an avowed foe of school desegregation programs, topped a 10-candidate field Tuesday in winning one of the two places for mayor on the Nov. 7 ballot.

The three-term school committeewoman led by a margin of more than 4-3 over Secretary of State Kevin H. White, who will oppose her in the nonpartisan final election.

U. S. Sen. Edward M. Kennedy, D-Mass., immediately promised to wage "a strong campaign" for White.

Kennedy did not mention Mrs. Hicks by name, but said only one candidate of the two selected could carry out the mandate from a "large majority" of the voters for "progress and understanding in meeting the problems of our city."

Mrs. Hicks received an unofficial total of 43,572 votes in the city's 275 precincts compared to 30,820 for White. More than 156,000 of the city's 278,562 voters went to the polls.

The 48-year-old grandmother showed well in the city's white working class sections, but—as predicted—ran behind the other candidates in the heavily Negro and in upper class areas.

A practicing lawyer, she is completing her third term on the Boston School Committee, and has been the center of racial controversy for her opposition to efforts to achieve racial balance in the city's schools.

She opposed any change in the city's policy of having students attend their neighborhood schools, which, civil rights leaders claim, keeps Negro children in dilapidated schools that offer inferior instruction.

LOCKESBURG (From Page 1)

three customers and bank employees to lie on the floor and directed R. C. Norwood, the bank president, and his wife to clean out the bank vault and cashiers' drawers.

The sheriff said the gunman drove to the bank in a car that was reported stolen Tuesday at De Queen.

Hilton, on his way to the bank after the robbery, stopped and questioned the woman sitting in another car. He said that while he was questioning her, the three men drove out of a nearby road and he gave chase.

Louis Graves, publisher of the Nashville News who had arrived in the area, took the woman into Lockesburg at Hilton's directions.

State Trooper Harold Page of Nashville joined Hilton in the investigation.

Accidentally Shoots Self

SEATTLE (AP) — King County Deputy Sheriff Gordon Beebe, 24, accidentally shot himself in the leg Tuesday when the trigger of his revolver caught on the corner of his desk.

He suffered a flesh wound in the calf of his left leg from the .38-caliber bullet.

Pair Weds in Purple Union

COLUMBIA, S.C. (AP) — The Purple Onion night spot was the setting for a marriage Tuesday.

Bernice Turkett and Raymond Hill, both of Columbia, exchanged their vows. Afterwards, customers at the bar toasted the couple with beer, and as a substitute for rice threw grits.

"It's a sentimental thing," said Hill when asked the choice of setting. "This was the place we went on our first date."

This is a picture of the trophies which will be given to the winners of the Third District Quarterhorse Show being held this afternoon and tonight in the Third District Coliseum.

Trophies will be awarded to First Place winners and ribbons awarded 2nd thru 5th places in all classes except cutting.

Performance Classes will start at 8 P.M. tonight. They include Junior and Senior Reining, Junior and Senior Barrel Racing, Junior and Senior Roping and Junior and Senior Cutting.

This Show is approved by the American Quarterhorse Association and will be judged by G. M. Cockerell of Crockett, Texas.

Ambulance Vote Tax Is Planned

ROGERS, Ark. (AP) — A \$5 tax on motor vehicles to support a city-operated ambulance service will be decided by Rogers voters Oct. 17.

The Rogers City Council has approved the ordinance.

The city took over operation of the ambulance service last June. It has recorded a deficit of \$2,445 to Aug. 1, according to city officials.

Officials estimated that \$12,000 to \$14,000 in additional revenue will be needed annually to continue the service.

Convicts Enter Pleas of Guilty

PINE BLUFF, Ark. (AP) — Four Tucker Prison Farm inmates whose fight against extradition from Oregon attracted national attention pleaded guilty Tuesday to charges of escape and grand larceny.

Circuit Judge Henry W. Smith sentenced three of them to two years each for escape and three years for grand larceny. They were James Pike, 36, of Blytheville; Don Calvin Smith, 17, of Fort Smith, and Richard Emory, 38, of Shelby County, Tenn.

Sentencing for the fourth, James Edward Stephens, 22, of Blytheville, will be later.

The four, who charged inhumane treatment of prisoners at Tucker, fought extradition to Arkansas all the way to the Oregon Supreme Court after their capture Jan. 17 in Oregon. They finally were returned to Arkansas after Oregon authorities were assured that conditions at Tucker had improved.

It was theorized that the liquid pesticide spilled into flour that was later made into bread in Tijuana.

An amount of parathion smaller than an aspirin tablet would kill an average sized man, Roth said. It is widely used in agriculture, particularly on vegetable crops.

Calendar of Events

THURSDAY, SEPTEMBER 28

A Ladies Bridge-Luncheon will be held at the Hope Country Club on Thursday, September 28 at 12:30 p.m. It will be potluck. Hostesses: Mrs. John Hatley, Mrs. Wayne Russell, Mrs. Thompson Evans, Jr.

SATURDAY, SEPTEMBER 30

The Friday Music Club will honor Mrs. Sam Strong Jr., club president with a luncheon Saturday, Sept. 30 at 12:30 p.m. in the Heritage House. Hostesses are Mrs. Bess Evans, Mrs. E. W. Edwards, Mrs. Clarence Geist. For reservations call PR7-2502 or 7-3352. Members are asked to bring club dues.

MONDAY, OCTOBER 2

There will be a joint meeting of the W.S.C.S. Circles of the First Methodist Church at 2:00 p.m. in the Church sanctuary.

TUESDAY, OCTOBER 3

The Hempstead County Republican Women's Club will meet at 7:30 p.m. Tuesday, October 3 in the City Hall auditorium.

THURSDAY, SEPTEMBER 28

Century Bible Class Steering Committee of First Methodist Church will meet Thursday night, September 28, at 7 p.m. A chili supper will be served followed by a business meeting.

BIRTHDAY CELEBRATION

Randy Andress celebrated his 5th birthday, September 23, with a party in the home of his parents, Mr. and Mrs. Jim Andress. Mrs. Andress distributed balloons, candy and party favors to Stephen and John Drake, Charles and Terry McCorkle, George King, and the birthday boy.

Out-of-town guests were Mr. and Mrs. Bob Tolbert, El Dorado, Mrs. W. K. Andress, Magnolia, all grandparents of the honoree, and Mrs. M. S. Coffee, also of Magnolia. Punch and birthday cake were served for refreshments.

BRIDGE CLUB MEETS

Mrs. Louise Kaline was hostess for a meeting of the Heritage Bridge Club Thursday, September 21 at the Heritage House. After a tasty luncheon, bridge was played at three tables. The club members were joined by three guests, Mrs. Bob Huber, Troy, Mich., Mrs. Mildred Rogers, and Mrs. M. M. McCloughan.

High scorer for the afternoon

School Bond Issues Are Approved

By THE ASSOCIATED PRESS
School patrons all over Arkansas went to the polls Tuesday to vote on millage rates and select school board members. There were these highlights:

—Little Rock voters approved a \$1.92 million bond issue and replaced two incumbent school board members with opponents of the controversial Oregon Report.

—North Little Rock voters gave overwhelming approval to a six-mill tax increase expected to protect accreditation of the city's high school and swept into office three school board candidates who supported it.

—Fort Smith voters approved a 6 1/2-mill tax increase that will support a \$4,125,000 capital improvements bond issue.

—Lee Parham, president of the Dollarway School Board (Jefferson County), retained his board position in a close race against the executive director of the Arkansas Council on Human Relations, Elijah Coleman, a Negro.

The Little Rock election attracted the state's attention because it clearly affected the fate of the Oregon Report, a plan that calls for abolition of neighborhood schools, establishment of a new grade structure and busing of students to insure that at least 25 per cent of the enrollment at each school would be composed of Negroes.

The report, prepared by a University of Oregon research team at a cost of \$26,000, was to replace the Little Rock District's present freedom of choice desegregation plan in case it became unacceptable to the courts.

Incumbent James Coates had been an advocate of some Oregon Report recommendations, while incumbent Warren Bass had remained silent.

Opposing the report were Daniel H. Woods, who was seeking Coates' seat, and William R. Meeks and Mrs. Glenn Alber, who were running against Bass.

Complete but unofficial results showed that Woods polled 7,726 votes to Coates' 5,296, while Meeks received 6,897 Bass 5,198 and Mrs. Alber 966.

The bond issue was approved 8,393 to 3,633. In North Little Rock, where the North Central Association of Colleges and Secondary Schools has placed the high school on one year's probation, patrons voted by 6,041 to 2,940 to increase the tax rate from 49 to 55 mills.

School Board President W. D.

THE FASHIONABLE TODDLER will brighten the fall scene in such new designs as this bonded Orlon and wool A-line dress with high yoke of red and French blue skirt (left) or the bonded Orlon and wool coat and dress ensemble (right) bound in white on lapels, collar and sleeves of coat and on the jewel neckline and sleeves of the dress. These designs are by Nanette.

Todd opposed the increase, as did Mrs. Vela Hodkin and James J. Kelly. They contended that the high school wouldn't lose its accreditation if the millage were defeated.

Proponents of the increase were J. W. "Buddy" Vestal; The Rev. W. S. Jones, a Negro, and incumbents E. Graham Thompson and Cecil Keller.

Thompson defeated Kelly 6,246 to 2,669; Keller defeated Mrs. Hodkin 6,289 to 2,669, and Vestal defeated Todd and Jones. Vestal received 5,706 votes, Todd 2,588 and Jones 1,082.

The Fort Smith bond issue, approved 5,753 to 4,665 is to be used to finance construction of two new elementary schools and a junior high and to remodel existing facilities.

Block voting marked the Dollarway race, won by Parham 1,128 to 981.

Six predominantly white precincts gave Parham 1,119 votes, and he picked up eight more from absentee ballots. He got only one vote from the four predominantly Negro precincts that contributed 693 to Coleman.

Coleman drew 286 votes in the other precincts, and two from absentee ballots.

Coleman is a former principal at Townsend Park High School, where the Negro precincts voted.

At one of the white precincts that went for Parham, the vote was 239 to 0.

A pound of honey may hold the essence of two million blossoms.

HELEN HELP US!

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us! in this newspaper.

"REAL" HAIR PROBLEM

Dear Helen: I am a platinum blonde and it's natural. But no one believes me.

When I introduced to a man, he gets that "Blonde - Hum-m-m-m" look in his eye and I know I'll have a wrestling match on my hands.

I've had countless fellows apologize and tell me they got the wrong impression. Most say, "It's nothing you did - it's your hair." I'd change the color, but I look ghastly with a darker shade. On top of all this, people won't believe it's "real."

How does a platinum blonde convince people she's not an easy make and a poor marriage risk? I'm the type men love to date, but they won't take me home to mother. -DESPERATE BLONDE

Files Suit Over a Swim Suit

DALLAS, Tex. (AP) - A pair of Dallas parents filed a \$190 swimming suit Tuesday.

They told a justice of the peace that something went wrong the first time their 13-year-old daughter tried out her new bathing suit. Other swimmers began pointing and laughing, the petition stated.

Lawyer Sam Paternostro said the swim suit turned transparent as soon as it was wet.

Militant Mexican Is Returning

CHAMA, N.M. (AP) - Reyes Tijerina, militant Spanish-American leader who was sought by tanks, National Guardsmen and dozens of police officers after a rural courthouse was shot up June 5, is returning to the area for a public appearance.

Tijerina said he will speak at a fund-raising rally Sunday in Chama, which is about 15 miles north of where gunmen attacked the Rio Arriba County courthouse at Tierra Amarilla and wounded two officers. It is Tijerina's first public appearance in the area since the shooting.

Tijerina heads a group which contends its heirs are owners under old Spanish land grants to millions of acres of the Southwest. The fund-raising rallies are held to offset legal expense in defending members of the group charged with kidnapping and assault as a result of the courthouse raid.

Dear Helen: My husband and I have relatives—dozens of them—living in Southern California. Each Christmas we go there and are miserable because of all the running around. My parents are divorced, which makes three households, plus off-shoots of each.

The grandparents all get to see our baby several other times during the year. Am I being selfish to wish we could spend just ONE Christmas at our own home, or maybe at a hideaway cabin in the snow? We would welcome any relative who cares to join us. I want to start our own Christmas traditions, and I dread going south and feeling like we are a pie that everyone wants his share of. - TORN

Dear Torn:

Britisher Says Smog Not Bad

LOS ANGELES (AP) - This sprawling metropolis, target of barbs from far-away San Francisco and even neighboring Palm Springs with its clear desert air, is really not so bad, a British planning expert says. Wilfred Burns, president of the Town Planning Institute of Great Britain, made this observation Monday after a tour of Los Angeles with 92 British planners.

"Los Angeles is talked about all over the world as the city you shouldn't follow, but it's something of a surprise. We didn't realize the terrific variety people can enjoy here—the beach, the snow, the climate."

LET'S TALK ABOUT MOVIES

By VELDA SEAMANS

We're always happy when Disney is coming to Hope—and this is the week that added to the fun in town with the fair will be the showing of Shaggy Dog and the Absent Minded Professor. You can take the family to have the biggest laugh of all times at the Dixie Drive in Friday, Saturday or Sunday night to see these shows!!

SPECIAL SATURDAY MATINEE ONLY SHAGGY DOG AND ABSENT MINDED PROFESSOR WILL BE SHOWN DOWNTOWN AT THE SAENGEK, SO THAT ALL VISITORS WILL HAVE A CHANCE TO SEE IT. ONE SHOWING ONLY DOWNTOWN AT 1:15 P.M. SATURDAY!!!!

Following that will be on Tuesday that saucy comedy hit, really a great one for the women —"A Touch of Mink" starring Dorris Day and Rock Hudson. It's a honey!!!

We're proud of our hit movies this fall—we've all good ones on the way to Hope, and a new twist in a horror film! Wow—this one is really a scarer—you'll want to take it in—with the big action hit "Valley of Mystery"—both are in color of course!!!

At the Saturday late show at the Saenger and Sunday and Monday we bring you the years biggest outdoor hit "El Dorado" starring John Wayne, and Robt Mitchum. This picture has broken all attendance records in theaters this summer—and you better come early to see it!!!

BERRY'S WORLD

"Poor, dear, Malcolm used to be a flower person, but now he has hay fever!"

THE DOCTOR SAYS

Progress Being Made In Study of Body Cells

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

All body tissues—nerves, bones, muscles, mucous mem-
branes and skin—are made
up of cells. Viewed through a
light microscope, magnifying
500 to 1,000 times, the typical
cell resembles a blob of jelly
containing a nucleus. With
new types of microscope, and
especially the electron micro-
scope with its magnifications
up to one million times, the
cell turns out to be almost as
complicated as the human
body itself.

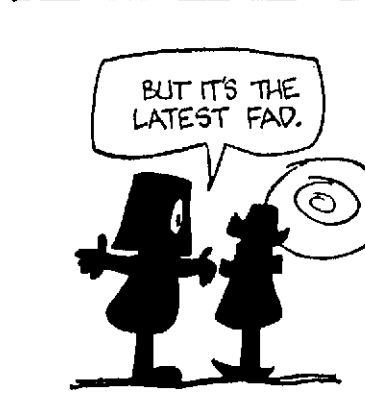

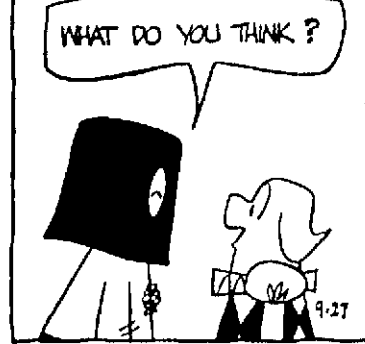

The nucleus has a nucleus
of its own (the nucleolus) and
contains chromosomes made
up of the genes that deter-
mine hereditary characteristics.
The jelly or cytoplasm
contains, among other things,
enzymes for synthesizing var-
ious proteins, the need for
which is determined by deoxy-
ribonucleic acid (DNA). Just
as the anatomists of ancient
times described the organs of
the body without understand-
ing their functions, modern
scientists are describing the
various elements that make
up the cell. Their function
will not be understood until
much more study has been
done.

In early times the diseases
that were best understood
were those for which struc-
tural changes (pathologic le-
sions) could be demonstrated,
such as tumors, ulcers and
hardening of the arteries. The
understanding of diseases
caused by abnormal function,
such as epilepsy, diabetes and
hemophilia, came much later.
Perfect understanding of many
diseases of both types is
still a long way off. Simi-
larly we can now see struc-
tural abnormalities in the in-
dividual body cells in some
diseases but know next to
nothing about abnormalities

In the last analysis all dis-
eases are a result of changes
—structural or functional—in
our complex, incompletely un-
derstood cells. The more we
can learn about these changes
the greater will be our pro-
gress in conquering many puz-
zling diseases.

SHORT RIBS

By FRANK O'NEAL

Quite a Few
Lifted Eyebrows

CINCINNATI (AP) — There
were quite a few raised eye-
brows at the Fifth Third Union
Trust Co. when David G. Swen-
son paid the final \$387 install-
ment on a business loan.

Swenson paid with a check
Monday—but one that was writ-
ten on a dead, freshly plucked
chicken instead of paper.

Garnett Hill, vice president of
the bank, said the check was ac-
cepted, Swenson said he started
a drive-in restaurant specializ-
ing in fried chicken with a loan
from Fifth Third and wanted to
make his final payment memo-
rable.

The restaurant operator add-
ed that he was waiting to see
what the bank would send him
for the canceled check.

We wish to express our sincere thanks and appreciation
for every service and kindness rendered by our many friends
during the loss of our loved one.
Your kind expressions of sympathy will always be remem-
bered with deep gratitude.

The Dallas Brasher Family

BLONDIE

Q—What newspaper was printed for 1,400 years?
A—Probably the first newspaper was "Tsing Pao," a court journal published in Peking, China. It is said to have started as early as the 500s, and was continued until 1935. At first it was produced from carved blocks instead of from type.

Q—What is the longest prose book in the Bible?
A—The Book of Isaiah with 66 chapters.

Figures
Texas Over
Tech Team

By HAROLD CLAASSEN
Associated Press Sports Writer
NEW YORK (AP)—Alabama scored 37 points last Saturday and couldn't win its football game.

This forecaster also lost, scoring only a .691 average, compared with a season average of .744.

Here's the coming weekend's picks:

Notre Dame over Purdue: The Boilermakers are noted for the defense, but how do you defend Notre Dame?

Southern California over Michigan State: When Toby Page, Trojan quarterback was injured, the Californians came up with Steve Sogge; when Toby Smith, foundation of the Spartan defense, was hurt, the Big Ten club came up with nothing.

Houston over Wake Forest: The Texas Cougars won't have the same zest in this one they had a week ago against Michigan State but they will have enough in reserve to win. This is a Friday night affair.

UCLA over Washington State: Gary Beban gives UCLA a big edge.

Georgia over Clemson: This supposedly is Clemson's best team in a decade but Georgia's losses only once each season and this isn't the weekend.

Nebraska over Minnesota: Both teams having quarterback problems but the Huskers are nearer to a solution.

Texas over Texas Tech: The Longhorns gave the mighty Southern California team fits Saturday night before finally losing, 17-13.

Alabama over Southern Mississippi: Coach Bear Bryant never will let the Crimson Tide forget that 37-37 deadlock with Florida State.

Army over Boston College: The Cadets will have to use Roger Le Doux, their third-string quarterback but should wiggle through to a triumph over the September choice as the best team in New England.

Duke over South Carolina: But it will be close.

North Carolina State over Florida State: The Seminoles reached their peak last week against Alabama.

Missouri over Northwestern: The Big Ten team pulled its surprise of the season last weekend and Missouri has a big Russ Washington in a healthy frame of mind.

McVea of
Houston Is
Back of Week

By ED SCHUYLER JR.
Associated Press Sports Writer
Duffy Daugherty thought he was the quickest runner he'd seen in a long time. The trouble was Duffy's players had trouble seeing him at all.

He's Warren "Mack the Knife" McVea of Houston, this week's Associated Press Back of the Week.

The 5-foot-10, 180-pound senior from San Antonio, Tex., was named today as a result of his performance—155 yards and one touchdown on 14 carries—in Houston's 37-7 upset of Michigan State last Saturday.

"You had to be close to him to appreciate some of his taking," Daugherty said.

Some Michigan State defenders may have been close to McVea, but it is doubtful they appreciated him very much as he raced 50 yards for a second period touchdown to put Houston ahead to stay, 10-7.

McVea, who runs the 100 in 9.6, also relied off jaunts of 48, 33 and 17 yards.

McVea barely edged Florida State quarterback Kim Hammond for Back of the Week.

The 6-1 senior from Melbourne, Fla., completed 23 of 40 passes for 280 yards and three touchdowns in Florida State's stunning 37-37 tie with Alabama. He also ran 11 times for 45 yards.

And he did all of this in the role of a substitute. Hammond started in place of Gary Pajole, who was troubled by a sore arm.

Hammond's three TD passes matched the number Alabama yielded all last season. The 37 points also matched the total given up by the Crimson Tide in 1966.

Braves Edge
Reds, 2nd
for Reed

By DICK COUGH
Associated Press Sports Writer
Basketballs and baseball managers take some funny bounces. . . and now Rod Reed has seen a little of both.

Reed, a former pro cager making his pitch for a baseball job with the Atlanta Braves, inadvertently touched off one of the season's zaniest rhubarbs Tuesday night at Cincinnati.

The Braves edged the Reds 4-3 for Reed's second victory in the majors. But both managers played the game under protest and neither one was around for the finish. . . because an umpire dared to change his mind.

Rookie Umpire Frank Dezelan signalled a foul tip on a pitch to Reed in the Braves' eighth, then reversed himself and called it a ball. After a hassle at home plate, Reds' skipper Dave Bristol and Atlanta pilot Billy Hitchcock were ejected, along with Cincinnati second baseman Tommy Helms.

Both managers then announced they were completing the game under protest. . . a happening perhaps unprecedented in baseball history.

In other National League action, San Francisco drubbed the New York Mets 8-3, Los Angeles trimmed Pittsburgh 3-1, Houston shaded Philadelphia 3-2 and the Chicago Cubs edged St. Louis 8-7.

Minnesota grabbed the American League lead with a 7-3 victory over California while Cleveland floored Boston 6-3, Detroit nipped New York 1-0 and Washington beat Baltimore 4-1. The Chicago White Sox were rained out at Kansas City.

The fireworks at Cincinnati started after Hank Aaron's three-run homer shot the Braves into a 3-1 lead in the sixth inning. Reed, who had blanked the Reds except for a fifth inning homer by pitcher Milt Pappas, took a pitch from reliever Don Nottebart.

Dezelan gave the foul tip sign, then changed his call. . . bringing Hitchcock and Bristol to the plate on the run.

"I did not question the call," Hitchcock said. "I just asked what it was and I walked away. Then it was called back to the plate and I went back and asked trzemski, Bost., .319; F. Robinson, Balt., .314.

"I wasn't questioning whether it was a ball or a foul tip," said 110; Killebrew, Minn., 102.

Killebrew
Hero of
Twins Win

By HAL BOCK
Associated Press Sports Writer
Just about everybody has a finger in the American League pennant pie, including Mother Nature, but Harmon Killebrew shoved his whole fist into it.

Killebrew walloped a pair of tape measure home runs Tuesday helping Minnesota whip California 7-3. The victory moved the Twins one full game ahead of both Boston and Chicago. The Red Sox lost 6-3 to Cleveland and the White Sox bowed to the elements when their game at Kansas City was postponed by rain.

The rainout left the Sox in second place, one percentage point ahead of Boston but Chicago must play a doubleheader tonight. Fourth-place Detroit, still alive, stayed 1½ games off the pace by whipping New York 1-0. Washington trimmed Baltimore 4-1 in Tuesday's other AL game.

In the National League, Chicago edged St. Louis 8-7, Atlanta nipped Cincinnati 4-3, Houston topped Philadelphia 3-2, Los Angeles beat Pittsburgh 3-1 and San Francisco slugged New York 8-3.

Killebrew hammered a 435-foot shot following Cesar Tovar's sixth inning single as the Twins busted loose for four runs, wiping out a 3-2 California lead.

An inning later, Killebrew's 43rd of the season went into orbit. Bob Allison also homered for Minnesota.

Jim Kaat pitched a five-hitter and struck out 13 for his seventh victory this month. It ran his season's record to 16-13.

Boston, meanwhile, was victimized by light-hitting Chico Salmon, who drove in three runs with a homer and a double. Salton started the Indians off by doubling home a run and then scoring another in the second inning. Four innings later, he lofted his second homer of the year with a man on base.

Chuck Hinton also homered and Luis Tiant went the distance for Cleveland despite Carl Yastrzemski's 43rd homer, which accounted for all three Red Sox runs.

The Red Sox trail both Minnesota and Chicago by one game in the loss column. They play the Twins the last two games of the season but can not make up the ground against the White Sox unless either Kansas City or Washington beats Chicago at least once.

Detroit stayed alive on Mickey Lolich's four-hitter, against the Yankees. Ed Mathews' sixth inning sacrifice fly drove in the game's only run against loser Mel Stottlemyre, 14-15, who allowed only three hits.

Lennie Green sliced a double to left, the first hit off Stottlemyre, opening the sixth. He

raced to third on Dick McAuliffe's single to center and McAuliffe reached second on the throw to the plate. After Al Kaline was intentionally walked, Mathews' fly ball drove in the run.

Three Washington pitchers—Buster Narum, Joe Coleman and Darold Knowles—limited Baltimore to four hits as the Senators trimmed the Orioles.

The pennant race resumes today with Cleveland at Boston and California at Minnesota for day games and Chicago in Kansas City for a twilight doubleheader. The Tigers have the day off.

Richardson,
Unitas Are
Leaders

NEW YORK (AP) — John Unitas and Willie Richardson of the Baltimore Colts lead the National Football League in pass throwing and receiving respectively, according to statistics released by the league today.

Unitas had 43 completions out of 66 attempts for a 65.2 percentage and 688 yards. Richardson has 13 catches for 203 yards, a 15.6-yard-per-catch average, and two touchdowns.

Jim Bakken of St. Louis leads the scorers with 20 points on nine field goals and three extra points. Dan Reeves of Dallas leads the rushers with 183 yards on 33 attempts, a 5.5 yard average.

Reynolds Had
a Private
War Going

By BILL LITTLE
Associated Press Writer
STILLWATER, Okla. (AP) — Jack Reynolds learned to play football with the kids in the park about a mile from Little Rock, Saturday he conducted his own private war and won.

Reynolds, a 6-foot, 200-pound fullback for Oklahoma State, ripped 13 yards, breaking two tackles, for the tying touchdown as Oklahoma State stunned Arkansas 7-6.

It was the nicest of homecoming presents for the Reynolds, who graduated from Little Rock Horace Mann High School.

"All I could see was the goal line," Reynolds said, "I was just thinking I had to make it."

Reynolds began playing organized football in the eighth grade, but before that, he says he played with a group in a park.

Saturday Oklahoma State beat Arkansas for the first time since 1953, handing the Razorbacks their first opening game defeat since 1961.

Reynolds gained 104 yards on 19 carries, and Coach Phil Cuthlin said he played "unreasonably well."

"He did things you don't expect of a back," Cuthlin said. Reynolds came to Oklahoma State on a scholarship offered "because I had a high school coach that knew one of the OSU coaches."

Burnett of
Buffalo Is
Injured

By RALPH ROUNTON
Star Sports Writer
Here it is already, the day being a new week of football games, press relations director for the "Black Week" has been forgotten, and later on we will be able to name this week.

Bobby Burnett, ex-Razorback side baseball. The Razorbacks have a star on the horizon in back Russell Cody. As a sophomore, Cody has all of Burnett's credentials and more packed into his 180-pound frame. Solid as a rock, he picked up 140 yards rushing against Oklahoma State in his first college game. The best game Burnett had was 133 yards in 1965.

Skipping off the subject of football, the Hope High Lady Cats, HHS' girls' roundball team, are preparing for their season opener, about six weeks away. Coach Charlotte Gibson will have a real powerhouse, returning all six starters from last year's district runnerup. The Lady Cats get their roughest tests early, though, as the girls have scheduled perennial winner Bradley for three games, no less. Bradley has a winning streak of around 70 games going, and the defending Class B state champions will be tough again. But the Lady Cats will be out to throttle that string come November.

For now, though, our main interests are turned toward the Bobcats, who travel to Malvern Friday night to play the Leopards, with kickoff set for 7:30 p.m. Monday night the Hope 'B' Boys turned in an enthusiastic performance in battling to a 0-0 tie with a rough Stamps ball club. Also remember the Bobcats, as they will be journeying to Camden tomorrow to take on the Panther Cubs at 7:30 p.m. "Save the best for last," I've heard it said, and so I have. On the Region 4-AA statistical sheet released yesterday, it placed the Hope Bobcats on top of the district on total defense, having given up 483 yards in 4 games. Cressett is close behind, having allowed 487 yards. The Bobcat defense, as well as the offense, is improving with each week, and experience is now a big factor, as the squad readies itself for the big one with conference opponent Malvern.

The details were completed Tuesday when Brown and his associates signed an agreement with the American Football League to locate a franchise here with Brown having the control "vested in me."

It was reported to be a \$7.5 million deal.

It will be a re-play for both Cincinnati and Brown.

Public Relations
Man Named

BALTIMORE (AP) — The Baltimore Orioles announced today the appointment of Robert W. Brown as the American League club's public relations director, effective Oct. 1.

Brown, 35, the Orioles' traveling secretary since 1960 and press relations director for the past several years, succeeds C. Joseph Bride Jr. who has resigned to accept a position outside baseball.

Middies Take
Early Lead
in Offense

NEW YORK (AP) — Navy's thrilling 23-22 victory over Penn State lifted the Middies into an early lead in total offense among the nation's major-college football teams.

Navy gained 489 yards against the Nittany Lions in its opening game. Rice is the runnerup with a total of 454 followed by Texas Tech with 440 and Louisville 433.5.

UCLA, which has gained an average of 314 yards in two games, is the top team in rushing offense. Dayton is second with 310.5, figures compiled by NCAA Sports Services disclosed today.

The forward passing pacesetter is New Mexico with a 281 yard average for two games. Then come Purdue with 273 and Brigham Young, 264.

Other leaders are Texas Tech in scoring with a 52 point average, Georgia in total defense with 66 yards, Syracuse in rushing defense with a yield of only four yards in one game, and Navy in punting with a 52-yard average.

Georgia also is No. 1 in forward pass defense with no completions against it in two tries.

The Service Bureau, noting the rules change that keeps interior linemen at the scrimmage line on punts until the ball is kicked, revealed that the average number of punts a game for both teams so far this season is 12.9. This is 1.1 more than last season's final figure.

Cincinnati
Franchise
Good in 1968

CINCINNATI (AP) — Cincinnati officially has its American Football League franchise effective in 1968 and Paul Brown plans to return to coaching — at least for a year.

The details were completed Tuesday when Brown and his associates signed an agreement with the American Football League to locate a franchise here with Brown having the control "vested in me."

It was reported to be a \$7.5 million deal.

It will be a re-play for both Cincinnati and Brown.

Porkers Are
Working on
Defense

FAYETTEVILLE, Ark. (AP) — The Arkansas Razorbacks concentrated on pass defense Tuesday as they prepared to face the pass-pass offense of Coach Glenn Dobbs' Tulsa Hurricane here Saturday.

Junior quarterback Gordon Norwood led the second unit defense in a simulated Tulsa attack against the first unit defense during the hour and a half drill.

When it was over, Head Coach Frank Broyles was less than pleased.

"We still have a lot to learn about pass defense," he said. Quarterbacks Ronny South and John Eichler alternated at running the first unit offense so South could work on his punting.

Broyles said South would share the punting duties with Paul Connor against Tulsa.

Offensive guards Jim Barnes and Pat May were back at full speed after being shaken up in last week's 7-6 loss to Oklahoma State at Little Rock.

Joe Paul Daves worked out for the first time since suffering a knee injury several weeks ago, alternating at inside linebacker with sophomore Cliff Powell.

Broyles said the Porkers would be in pads again today.

Griffith Is
Tough in
Return Bouts

Associated Press Sport
NEW YORK (AP) — Emile Griffith's record shows he is a tough fighter in return bouts but it appears to make no difference to Nino Benvenuti, the confident middleweight champion.

The handsome Italian bubbles with optimism and it apparently is having an effect on the betting odds.

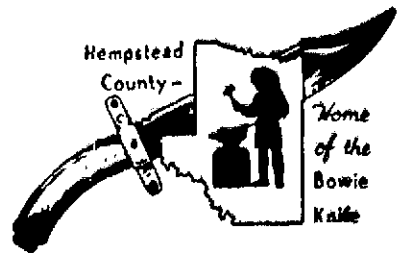

Out in Reno, Nev., where betting is legal, the 29-year-old champion from Trieste has been made the 7-5 favorite to retain his title in the 15-round return scrap at Shea Stadium Thursday night.

Benvenuti was a 13-5 underdog last April 17 when he dethroned the muscular New Yorker on a decisive 15-round decision at Madison Square Garden.

In New York, illegal bookies still made it even money—10-11 and take your pick—but the first sizeable bet could change the odds. Most bets usually are made after the weigh-in the day of the fight.

The last four times Griffith met an opponent twice, he won all four fights. He was beaten in previous fights with Benny Paro, Luis Rodriguez and Manny Gonzalez, and whipped them in returns for the welterweight title.

Surtax Is Phoney
Bill of Goods
From Politicians

Republicans, being the Opposition Party, have come up with this ultimatum to President Johnson and the Democrats: If we must have the surtax — a 10 per cent increase in the income tax — then write into the bill a requirement that the government cut non-defense spending by at least 5 billion dollars.

The Republican proposal, however, is about as phoney as the Democratic tax increase itself. Both represent the efforts of professional politicians to sell the people a bad piece of goods. Americans expect to pay taxes. But what they resent is this endless borrowing of money for futile domestic programs, and the proposal to levy a tax increase which they know from past experience not only won't be used to reduce the federal debt but will be used as collateral to borrow still more money.

The Republican proposal to make the Johnson administration promise to cut domestic spending is nonsense. A commonsense solution would be to flatly refuse to increase taxes — thereby compelling the administration to cut back on its domestic squanderlust.

The cost of the Vietnam war is unbearable. Therefore if new taxes aren't forthcoming it will be the domestic giveaways which will get the axe.

You know this is true — and don't let any politicians, Republican or Democratic, talk you out of it.

Mayor's Veto Overridden at Osceola

OSCEOLA, Ark. (AP) — The Osceola City Council has overridden Mayor Charles Wiygul's veto of resolutions the council passed last Thursday and has passed another resolution abolishing all the council committees so city business can be handled by the council as a whole as the city's power dispute continues.

Four of the council's six members overrode Wiygul's veto Monday night and passed the resolution as they tried to maneuver towards a renewed contract with Arkansas Power & Light Co., to supply the city's electrical power.

Wiygul wants the city to fulfill a contract with the Southwest Power Administration.

The council passed resolutions last Thursday calling for the appointment of a committee with the authority to negotiate "for an honorable termination" of the city's contract with SPA, setting out rules of procedure in council meetings, and hiring special counsel to advise the council on all matters pertaining to city business.

Wiygul vetoed these resolutions and the council passed them again by a 4-2 margin Monday.

A 20-year contract between SPA and Osceola is effective in December 1968, and Wiygul wants Osceola to retain it.

The four-man majority wants AP&L power.

Cites Values of Water Resources

DES MOINES, Iowa (AP) — Arkansas is seeking to attract industry through development of its water resources, Gov. Winthrop Rockefeller said here Tuesday.

"I look upon Arkansas' abundant water as perhaps the greatest of all our natural resources," he told those attending the National Water Well Association.

Through proper management and intelligent planning of water resources, "we'll be in a uniquely favorable position for the future," he said.

"In the south," the governor said, "we can look backward and see that we remained too long enraptured with a falling star — the one-product cotton economy."

Rockefeller said that in the future, Arkansas and other southern states should seek "more of the traditionally higher paying jobs."

250,000 Americans Pay Million a Day to Talk About Woes

By HAL BOYLE

NEW YORK (AP) — Things a bank accounts that are inactive might never know if he didn't open his mail:

If you think you have dental woes, consider the plight of George Washington. The "father of his country" had lost all his teeth by the time he was 40, and in later years wore at least three sets of false teeth.

Although Dr. Sigmund Freud's psychoanalytic theories are under considerable scientific attack, some 250,000 Americans pay a million dollars daily to lie on a couch and talk about their emotional problems.

Much fun is poked at the vanity of bearded hippies and beatniks. But men who wear beards have always been vain of them. During the 17th and 18th centuries gentlemen of class even wore cumbersome cardboard boxes in bed to protect their chin whiskers while they slept.

The tired people become individually, the more energy their civilization seems to need. It is estimated that between now and the year 2000, the United States will consume twice as much energy as it did in the last 150 years. And in the next 33 years the whole world will use up as much energy as it did in the last 2,000 years.

The chances are one in six that you have some kind of allergy—or will develop one during your lifetime.

Quotable notables: "The average Hollywood film star's ambition is to be admired by an American, courted by an Italian, married to an Englishman and have a french boy friend."—Katharine Hepburn.

Tip to the thrifty: Don't leave your money dormant in a bank too long. In some states small

bank accounts that are inactive for 10 years or more may be closed out by the bank with the balance, minus service charges, being sent to the state.

Artful weavers: Spider webs are almost as distinctive as human fingerprints. Each of the 30,000 known varieties of spiders has its own style of weaving and turns out a new web daily made of self-spun filaments stronger than a strand of steel the same thickness. Some spiders even weave nets and use them to "lasso" their prey.

Famous firsts: The first rear view mirror on a motor vehicle is believed to have been used by Ray Harroun, a famed racing driver. Installed over the dashboard of his Marmon "Wasp" racer, the mirror helped him win the Indianapolis 500-mile race in 1911.

History lesson: What U.S. presidents bore these nicknames: "Father of the American Navy," "Petticoat Pet," "His Fraudulency," "Grandpa's Grandson," and "That Man in the White House"? They were John Adams, Martin Van Buren, Rutherford B. Hayes, Benjamin Harrison, and Franklin D. Roosevelt.

Frontier: Man's next frontier will be an old one—the undeveloped tropics. The tropical zone includes more than a quarter of the earth's land. Although as yet uncrowded with people, about four-fifths of all existing plant and animal species dwell in the tropics.

It was Charles M. Schwab who observed, "The man who does not work for the love of work but only for money is not likely to make money nor to find much fun in life."

Arkansan Is War Victim

By THE ASSOCIATED PRESS

WASHINGTON (AP) — Marlene Pte. Joe Crockett, son of Mr. and Mrs. Willie C. Crockett of Osceola, Ark., has been killed in action in Vietnam, the Defense Department said Tuesday.

Rodeo Parade Will Start Thurs. at 4

The annual Third District Livestock Show Rodeo Parade will be held Thursday afternoon, September 28, starting at 4 p.m. All Riding Clubs and others who plan to ride in the parade are asked to meet at 3:30 p.m. at the same place as they did for Monday's parade, behind George Frazier's home on the corner of Shover and East Second St.

The parade will be led by Parade Marshal Travis Ward and will travel the usual parade route through town, Arch Wylie and Bin McRae will be in charge of lining up the parade.

Bankers Name Arkansan

NEW YORK (AP) — Thomas G. Wilson, president of the First State Bank and Trust Co., of Conway, Ark., was named chairman of the Executive Committee of the American Bankers Association's State Bank Division during the ABA's 93rd annual convention here this week.

Board Wants 6-Lane Road Into City

Hope Board of Directors have adopted a resolution recommending the Planning and Zoning Commission in regard to Interstate 30 and accesses into Hope. Present plans call for a half cloverleaf on North Hazel. The group recommends the site be moved a short distance east to provide for a full cloverleaf with a six lane highway coming into the city via an overpass of the Missouri Pacific yards on Shover Street.

The group also recommends that the Diamond interchange on Highway 4, the Washington road, come into the city with a four lane road, widen the Missouri Pacific underpass on Hervey and continue south to Third Street and on Hervey to Highway 29 south and to widen 23rd street east to the Shover Springs road.

Canada Calls for Halt to Bomb Raids

UNITED NATIONS, N.Y. (AP) — Canada declared today that a halt in the U.S. bombing of North Vietnam must be given top priority in efforts to de-escalate the Vietnam war and open the door to peace talks.

In a policy address before the 122-nation General Assembly, Canadian Foreign Secretary Paul Martin said: "It seems clear that all attempts to bring about talks between the two sides are doomed to failure unless the bombing is stopped."

He added, however, that a bombing halt is "only one side of a military equation" and said, if there is to be success, peace efforts cannot proceed "as if the other side did not exist." The proposed bombing halt, he said, is only a starting point in the process of ending the conflict.

"There is no hope for progress toward a peaceful settlement," he said. "In appeals or proposals which place the total burden of responsibility of making essential concessions on only one side, that sort of approach is relevant only in circumstances of military victory and defeat."

Martin pledged that Canada would continue its efforts as a member of the International Control Commission to act along with the other members—India and Poland—to lead the parties to the Vietnam conflict to the conference table.

No Issue in Schools Elections

Hempstead County School Districts held elections yesterday but there were no issues and very few votes.

O. Warren Butler of Spring Hill, who had no opposition, was elected to the County Board at Large for Zone 1 composed of Spring Hill and Patmos districts. In Hope Jud Martindale was re-elected to District 1-A board as was Bill Tolleson. Neither had opposition. No increased millage was on the ballot anywhere in the county.

School PTA Organized Tuesday

Beryl Henry Elementary School P.T.A. was organized last night with the following officers elected for this school term: President, J. W. Rowe; Vice President, Mrs. Bennett Wood; Secretary, Mrs. Kinard Young; Treasurer, Mrs. Mitchell La Grone and Parliamentarian, Mrs. Billy Whitmarsh.

The new officers were installed by Mrs. C. M. Owens of Texarkana, District Director P.T.A. Regular meetings of the P.T.A. will be held the third Tuesday of the month during the school year. Members will be notified whether it will be an afternoon or a night meeting. Approximately 60 members paid their dues and signed the By-Laws last night.

Massive Airpower, Big Gun Power Apparently Can't Defeat Enemy

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — Veteran U.S. officers say the battle of Con Thien is driving home again lessons learned in World War II and Korea: Massive airpower and big gun power have only limited effect in silencing a dug-in enemy.

These officers, many of whom saw action in both earlier wars, said the only way to do the job is to send in infantry to root out enemy batteries burrowed into holes and caves.

Current U.S. policy forbids any U.S. infantry attacks across the border into North Vietnam, from which most of the Communist artillery fire is aimed at Con Thien.

U.S. sources said the North Vietnamese have arrayed between 75 and 125 artillery pieces north of the Ben Hai River boundary.

These Soviet-designed guns, ranging from 85 to 152 millimeters, have been pounding the U.S. Marine outpost, some 2 1/2 miles south of the demilitarized zone, for nearly a month.

U.S. batteries have fired as many as 10,000 shells at the North Vietnamese guns in a single day.

This was 10 times as many as the North Vietnamese guns were throwing at Con Thien.

In addition, waves of U.S. bombers and fighter bombers dumped 800,000 pounds of high explosive on enemy positions.

The American officers said it appears the Communists wheel their artillery out of caves and tunnels to fire, and then probably roll them back in under cover.

LOCKESBURG, Ark. (AP)—A lone gunman wearing a stocking over his head escaped with an undetermined amount of money from the Bank of Lockesburg today.

Sheriff Louie Hilton of Sevier County arrested three Oklahoma men shortly afterwards after chasing them on a country road near Lockesburg and cornering them at a dead end. The sheriff said he fired several shots into the air and they surrendered.

Hilton said he found pistols and clothing changes in the pickup truck in which the men were riding.

Officers also took into custody a young barefoot woman who was parked in a car on a side road off U.S. 71 about two miles north of Lockesburg.

Hilton said the gunman walked into the bank, ordered

The Tijuana poison deaths increase as scientists say a pesticide found in bread may be the killer. A ban on milk is lifted.

Regis Debray's father says he is pulling out of the French journalist's defense against charges of aiding Bolivia's guerrillas.

WASHINGTON

The upswing in the housing industry is expected to continue through 1968 but there is no relief in sight from high interest rates on mortgages.

The controversial Subversive Activities Control Board apparently is going to remain in business for at least another year.

Man Injured Fatally

MOUNTAIN HOME, Ark. (AP)—Lee Whitaker, 54, of Cotter (Marion County), was fatally injured Tuesday when his automobile left U.S. 62, plunged down an embankment and overturned several times just west of here.

State Trooper John Kidwell said Whitaker died at a hospital here shortly after the accident.

Former Postal Chief to Speak

LITTLE ROCK (AP)—Luther L. Miller of Texarkana, who retired in 1960 as Texarkana Post-office supervisor and now is a vice president of the National Association of Retired Civil Employees, will be the principal speaker when the association's Arkansas Federation meets here Thursday and Friday.

Truman Gets Harry Song

NEW YORK (AP) — The manuscript of "I'm Just Wild About Harry," the hit which became the official song of Harry S. Truman's victorious 1948 presidential campaign, has been presented to the Truman Memorial Library.

Kids Day' Thursday at Stock Show

Thursday, September 28, will be "Kids Day" at the Third District Livestock Show and Rodeo. All children will be admitted free through the main gate from 10 A.M. to 6 P.M. All rides on the Midway will be reduced for that period of time.

A table will be set up on the Midway and all children are urged to go by and register for a Columbia bicycle which will be given away free at 6 P.M. Children may register only once between the hours of 10 A.M. and 6 P.M. There is nothing to buy.

The bicycle, with a retail value of \$70, is being furnished by Bill Dillard, owner of Sonny Myers Amusements, the midway carnival.

Didn't Like Sculpture

NEW YORK (AP) — "Cuboid Shift No. 2" is the title of a piece of modern sculpture erected last weekend in front of City Hall.

Councilman-at-large Joseph Modugno has another name for it. "That silly-looking, unartistic, unattractive monstrosity of cube forms that spoils the classical front of City Hall should be removed immediately," he said Tuesday.

August Hecksher, administrator of recreation and cultural affairs, said the work would remain where it is but offered to take Modugno around and "explain" the various odd-shaped pieces to him.
